POLITICAL RISK COVER

FOR FOREIGN INVESTMENTS

INVESTMENT GUARANTEES OF THE  
FEDERAL REPUBLIC OF GERMANY

▶ **Direct Investments Abroad**

## COVER – WHY?

Investment Guarantees are part of the foreign trade and promotion scheme of the Federal Government. They support **GERMAN** investors doing business in **DEVELOPING, EMERGING** and **FORMER TRANSITION COUNTRIES**.

These guarantees **PROTECT** German investors **AGAINST POLITICAL RISKS** due to unpredictable events that can have adverse effects on their business ventures abroad. Backed with the **POLITICAL SUPPORT** of the German Government investment guarantees form an important part of the **INVESTOR'S OVERALL RISK MANAGEMENT** and facilitate borrowing to **REFINANCE** investments abroad.

PricewaterhouseCoopers GmbH Wirtschaftsprüfungsgesellschaft (PwC) has been mandated by the Federal Government to manage the Investment Guarantee Scheme. PwC has many years of experience in dealing with the responsible political committees and a comprehensive advisory expertise for projects abroad. This ensures an easy and quick application process for investment guarantees.

## WHAT CAN HAPPEN TO AN INVESTMENT ABROAD

**INVESTING ABROAD** may expose investors to an uncertain political environment. These political risks are neither predictable nor avoidable by investors.

Due to the actions of the government of the host country or its failure to act, such as

- ▶ discriminating legal changes or other fundamental changes of the legal basis for entrepreneurial activities,
- ▶ disturbance of the public peace,
- ▶ armed conflicts,
- ▶ politically motivated acts of terrorism,
- ▶ convertibility and transfer problems,

the **RIGHTS OF AN ENTREPRENEUR** can considerably be jeopardised or his **ASSETS ABROAD** can be deprived or destructed. In this case it is essential to **AVOID, LIMIT** or **COMPENSATE LOSSES!**

The Federal Government supports German investors by

- ▶ involving its diplomatic representations **TO AVOID LOSSES** in close co-operation with the investors long before the occurrence of cases of loss,
- ▶ **PARTICIPATING** under certain circumstances **IN THE COSTS OF LOSS PREVENTION,**
- ▶ **PAYING AN INDEMNIFICATION** if covered political risks occur.

## The Federal Government provides cover...

for the **invested capital** and (within certain maximum amounts) for **earnings** from

- ▶ equity participations in enterprises,
- ▶ capitalisations of legally dependent branch offices or plant locations (endowment capital),
- ▶ investment-like loans granted to enterprises,
- ▶ other rights qualifying as assets such as, for example, production sharing agreements for crude oil and natural gas under service contracts, cross-border concessions and licences as well as bonds,

against **political risks**, such as

- ▶ nationalisation, expropriation,
- ▶ breach of contract by host country authorities,
- ▶ war, revolution, civil commotion or related politically motivated acts of terrorism (on application isolated acts of terrorism as well),
- ▶ payment embargoes or moratoriums,
- ▶ convertibility/transfer problems,

**provided that**

- ▶ the project has been considered as eligible **for promotion** (with regard to environmental impacts, positive effects on the host country as well as positive reverse effects on Germany),
- ▶ there is **sufficient legal protection** in the host country (as a rule provided by a bilateral Investment Protection Treaty).
